1: Holmberg--50 [3] (1941-42) 1950 Siriono
116, 583, 596

"The primary function of the extended family is economic. While the nuclear family is the basic economic unit, considerable cooperation in the performance of duties also takes place within the extended family. Such cooperation is often heightened by the fact that brothers frequently marry sisters and thus continue the cooperative role they played in their family of orientation."

"Generally speaking, there is a strong tendency for broth
the condition which earlier evolutionary writers referred to
commonly found among the Siriono."
